HILLSBOROUGH COUNTY INFORMATION

Automobile Insurance

Florida law requires that all automobile operators have insurance.

Before you register a vehicle with at least four wheels in Florida, you must show proof of Personal Injury Protection (PIP) and Property Damage Liability (PDL) automobile insurance. PIP covers 80 percent of all necessary and reasonable medical expenses up to \$10,000 resulting from a covered injury, no matter who caused the crash. PDL coverage pays for damage to another person's property caused by you or someone else driving your insured vehicle.

Proof of PIP/PDL coverage must be issued by an insurance company licensed in Florida to sell policies or by qualifying for a self-insurance certificate issued by FLHSMV.

Tampa Electric Manatee Viewing Center

813-228-4289

6990 Dickman Rd, Apollo Beach, FL 33572

Manatee Big Bend Power Station in Apollo Beach delivered reliable electricity to the community for 16 years before the commercial operation of Big Bend Unit 4 in 1986. That year, people started seeing manatees in large numbers in the power station's discharge canal, where saltwater – taken from Tampa Bay to cool Unit 4 – flowed, clean and warm, back to the bay. When Tampa Bay reached 68 degrees or colder, the mammals would seek out this new refuge. The Manatee Viewing Center was soon born. Today, Big Bend's discharge canal is a state and federally designated manatee sanctuary that provides critical protection from the cold for these unique, gentle animals.
